# E THE POSSIBILITIES

Strategically located in the Heartland, Geist Plastics specializes in accommodating:

- Short lead times with on-time delivery
- No minimum order requirements
- Exacting quality standards
- Complete secondary operations and assembly

Our NEW 24,000 sq foot production facility offers you:

- High volume capacity and multi-shift operations
- Up to 8" wide/diameter profile capability
- Custom shapes and colors
- Precise material blending
- Mold design assistance and sourcing
- Commodity and engineering grade thermoplastic resins
- Close tolerance cut-off equipment

For over 50 years, Geist Plastics has been turning innovations into realities.
